CR20	Cell-O Air Pillows 200 x 200mm (refill)	200 approx

Insulated Pallet Cover – **ThermoCover** is a highly efficient, cost effective and versatile material that is used to insulate temperature sensitive products during transport and shipping.

Made of a 5 layer thermal wall designed to best insulate your product. The 5 layers combine to provide remarkable temperature control.

Independent testing from the Centre for Food Technology on the ThermoCover five layer technology shows a marked reduction in temperature fluctuations within the air freight container.

Protective Packaging

ThermoCover ThermoCover allows you to ship products that require different temperatures – side by side.

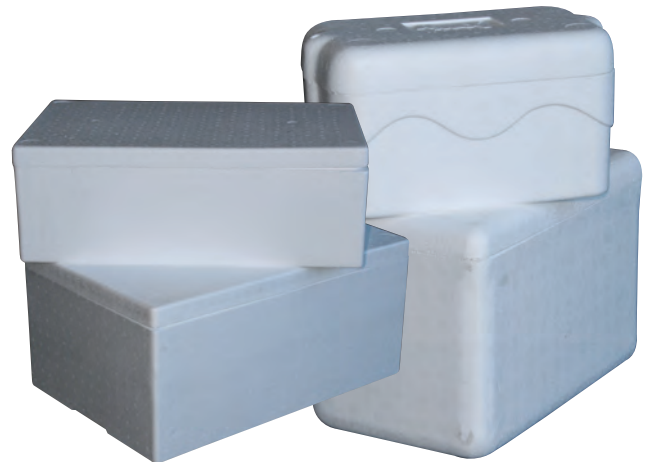

Key Benefits

- Temperature stability.
- Will cut fuel costs drastically by reducing the need for refrigeration during transport.
- Allows you to ship dry goods in a refrigerated truck without the risk of condensation ruining your produce.
- Allows you to 'mix' frozen, cold, cool and dry goods in one shipment, maximising your shipping space and reducing carbon footprint by saving fuel on less shipments.
- Reusable due to our unique layer of Polywoven lining.

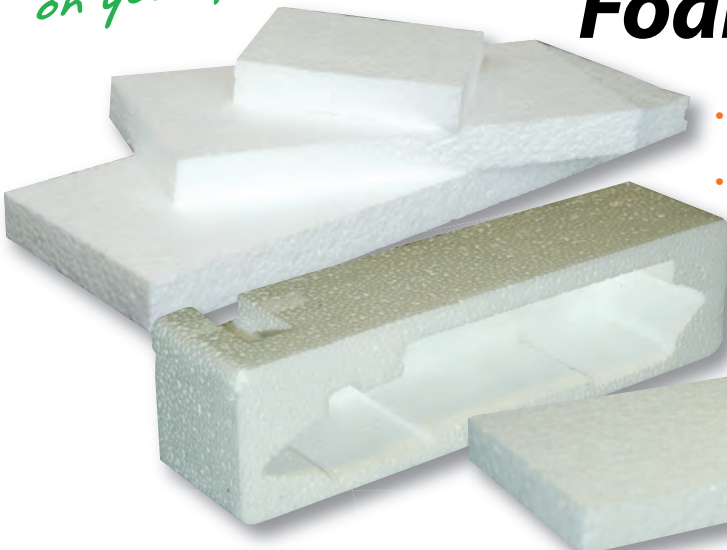

Foam Ice Boxes

- Insulated foam boxes which are ideal for the food and pharmaceutical industry to keep goods cold during transit.
- Available in a range of sizes to suit your particular requirements.

Call us today for pricing on your particular requirements

Foam Protector Shapes

- Professionally protect the edges of your products.
- Custom made shapes can be made in almost any shape or size to fit your product perfectly.

Can't find the exact carton size from our stocklist?

- Almost any size carton can be made to fit your products perfectly
- Available in single, double or tri wall thickness
- Custom printing available

Can't find the exact carton size from our stocklist?

We can custom make your cartons to fit your products perfectly.

Step 1: Decide on a size (internal dimensions: length x width x height)

Step 2: Decide on your quantity (normally a minimum of 500 cartons)

Step 3: Provide us with an approximate weight that will be inside the cartons (eg 10kg maximum)

Step 4: Either phone, fax or email us and we will provide you with a quotation.

**WE CAN MAKE
ALMOST ANY SIZE OR
SHAPE**

Protect 'n Peel

- Excellent general purpose protective film.
- Medium adhesive suitable for a wide variety of surfaces including painted and powdercoated finishes, laminates & glass splashbacks.
- Outdoor use. Approx 3 months.

all rolls can be slit at custom widths

Code Description

3451	Protect 'n Peel -610mm x 100m (clear)
3452	Protect 'n Peel -1220mm x 100m (clear)

Protect 'n Peel

- High Adhesive.
- UV Stabiliser, ideal for outdoor use.
- Longer lasting, more aggressive adhesive than 345. Great for windows and frames on construction sites.
- Outdoor use. Approx 3 months.

Code Description

3461	Protect 'n Peel -610mm x 100m (green)
3462	Protect 'n Peel -1220mm x 100m (green)

Mask 'n Peel

- Medium/High Adhesive.
- Used extensively for the protection of melamine doors and panels during painting.

Code Description

1278	Mask 'n Peel -850mm x 100m (orange)
1279	Mask 'n Peel -850mm x 200m (orange)

Rout 'n Peel

- Protection of melamine and laminates.
- The unique construction of the film leaves a clean edge after routing and machining operations.
- Rout, paint and remove.

Code	Description
2201	Rout 'n Peel -610mm x 100m (blue)
2202	Rout 'n Peel -755mm x 100m (blue)
2203	Rout 'n Peel -1220mm x 100m (blue)

all rolls can be slit at custom widths

Protective Packaging

Dunnage Bags

- Re-usable bags used for protecting your goods during shipping and transit.
- Extremely high wet strength - made from high textile kraft paper with 3 layer polyethylene lining.

Code	Description	Ctn Qty
5330	Dunnage Bag 1200mm x 2100mm	5

dunnage bag

Inflator Gun

- Pistol grip inflate gun used for inflating dunnage bags.

Code	Description
5332	Inflate Gun

Container Desiccant

- Welldry is a high absorption container desiccant.
- Removes and retains moisture particles in the air.
- Reduces the likelihood of wet or moisture damage for your goods during transit.
- Use approximately 8 bags per 20 foot container.

Code	Description	Ctn Qty
5335	Container Desiccant - 2kg	8

Silica Gel

- Non toxic and non corrosive gel packs in tyvek sachet to provide high strength.
- Protects your goods against damage from condensation.
- Approved for food and dry products.
- Absorbs up to 30% of its weight.

Code	Description	Ctn Qty
5337	Silica Gel - 1gm	10 000
5338	Silica Gel - 10gm	1000
5339	Silica Gel - 50gm	240
